Repair or Revenge: Victims and Restorative Justice (Clarendon Studies in Criminology) Heather Strang

Restorative justice has become the emerging social movement for reform in the criminal justice system over the past decade. It refers to a range of informal justice practices designed to require offenders to take responsibility for their wrong-doing and to meet the needs of affected victims and communities. This book, based on empirical research findings, investigates whether restorative justice can offer victims of crime more than the formal court-based justice system.
