(Previously published as *Lucy and the Sheikh*)

A love affair that must not last...

Lucy Gee, sails to Sitra to find her missing sister, Maia, who was last seen in the arms of the King. Lucy doesn't do long-term relationships but when she meets the King she falls for him hard. She just has to control her attraction long enough to find Maia, but not long enough so she loses her heart. Two weeks should do it.

Sheikh Razeen ibn Shad was never meant to be King. But, with his father and brother both dead, he's determined to do his duty, even if it means entering into an arranged marriage with a Sitran Princess to gain the approval of his countrymen. But he has two weeks before he has to choose a wife. Two weeks in which to have an affair with Lucy. What could go wrong?
