Daniel J. Mahoney

Aleksandr Solzhenitsyn: The Ascent from Ideology (20th Century Political Thinkers) Daniel J. Mahoney

In Aleksandr Solzhenitsyn, Daniel Mahoney presents a philosophical perspective on the political condition of modern man through an exegesis and analysis of Solzhenitsyn's work. Mahoney demonstrates the tremendous, yet often unappreciated, impact of Solzhenitsyn's writing on twentieth century thinking through an examination of the writer's profoundly important critique of communist totalitarianism in a judicious and original mix of western and Russian, Christian and classical wisdom.
