## **Almost President: The Men Who Lost The Race But Changed The Nation** Scott Farris

As the 2012 presidential campaign begins, *Almost President* profiles a dozen men who have run for the American presidency and lost—but who, even in defeat, have had a greater impact on American history than many of those who have served as president. Scott Farris tells us the stories of legendary figures from Henry Clay to Stephen Douglas, William Jennings Bryan to Thomas Dewey. He also includes mini-profiles on every major candidate nominated for president who never reached the White House but who helped ensure the success of American democracy.

Farris explains how Barry Goldwater achieved the party realignment that had eluded FDR, how George McGovern paved the way for Barack Obama, and how Ross Perot changed the way all presidential candidates campaign. There is Al Smith, the first Catholic nominee for president; and Adlai Stevenson, the candidate of the “eggheads” who remains the beau ideal of a liberal statesman. Others covered by this book include Al Gore, John Kerry, and John McCain. The mini profiles also include evocative portraits of such men as John C. Fremont, the first Republican Party presidential candidate; and General Winfield Scott, whose loss helped guarantee the Union victory in the Civil War.
