## **Mining & Mineral Resources of Stevens County Washington** Washington Geological Survey

Leading mining historian Kerby Jackson introduces us to a classic mining work in this important re-issue of “The Mineral Resources of Stevens County Washington”. Unavailable since 1920, this important publication was originally published by the Washington Geologic Survey and has been unavailable for a century. Topics include the geology, rock formations and the formation of ore deposits in these important mining areas of Washington State. Also included are hard to find details on the geology, history and locations of hundreds of mines in the area. Note: This edition is a facsimile of the original edition and is not set in a modern typeface. As such, some type characters and images might suffer from slight imperfections or minor shadows in the page background.
