After being asleep for more than twenty years, Jimmy Jennings has awoken from a coma, dead. He'd been ready to go for a while, but now that he's gone... Where does he go?

It's the end of a very bad day and Karen, at the tender age of 36, has finally made her last mistake. Have you ever wondered what happens when you die? So has Karen... and today she's going to find out.

Told from various perspectives, Afterlife begins where Karen's and Jimmy's lives end and what comes after begins.

Old friends, past missteps and memories coalesce into an afterlife experience that leaves Karen and Jimmy both wondering just how much of life as we know it is really real, and whether the truth about that is even important. Come and spend a day in the life... Afterlife.
