Heartbeat of Silence (Tales of the Citadel Book 18) Viola Grace

Veera's mind broke wide open during a tragedy. A telepathic call for help sent her into a coma where every mind around her was open to hers.

A stint on an island where no one spoke or thought a harsh word was just what she needed, but when she was offered a chance to live a life out in the open, she agreed to everything that the shape-shifter asked. Life was something that she needed to find.

Stanik trained to be Veera's link for eighteen months. When he finally met her, her physical presence sent his senses reeling. The reality was much better than the images her family had sent him to entice him into agreeing to share his mind with hers.

He gives her stability, and she gives him attitude, a challenge and someone to protect. It is a fairly even swap.
