God has already given you the power to create your own future...you just need to learn how to use it. The Power of God-Given Imagination is about awakening the dreamer within you. It demystifies the power of imagination and shows how we all instinctively use this power without realizing it. It shows how faith and prayer cannot operate without imagination. Author Ray McCollum also debunks the false notion that the power of the mind, the imagination, and dreaming takes one into New Age mysticism or the secular realm of "positive thinking." The power of the human mind belongs to the church, and God expects us to use it. Within the pages of this book, you will discover exactly what this power is, how it works, and how you can use it to both transform your personal life and transform the culture around you by releasing the kingdom of God.
