\$2.99 (Regularly priced: \$3.99)

It IS About Islam: Exposing the Truth about ISIS, Al Qaeda, Iran, and the Caliphate by Glenn Beck offers a timely investigation into the connections between religion and militant radicalism in the Islamic world. The book offers a broad historical and contemporary view of the role that Islamist ideology has played in structuring and justifying both international terrorist acts and Middle Eastern regional conflict that has spawned some of the most egregious brutality in modern times.

This review contains a summary of the book's main themes and evidential support, followed by an analysis and critique of the work. The book begins with four main chapters that cover the history of Islamist development from the time of Muhammad. These chapters are then followed by thirteen common misconceptions of Islam that dominate the mainstream media in America. Finally, the author concludes with a chapter that summarizes the main arguments of the book and provides advice for those who share the author's view that America must wake up to the serious threat posed by Islamist ideology both domestically and abroad.

Glenn Beck is perhaps best known as a conservative commentator as host of the Glenn Beck Radio Program and his previous work on Fox News Channel's program Glenn Beck. He founded the independent news network TheBlaze in 2011 where he continues to host a television program called The Glenn Beck Program. He is also author of six New York Times bestselling books covering conservative political views.

Available on PC, Mac, smart phone, tablet or Kindle device.
