## **Wasteland Warriors: 15 Years Later** Nick S. Thomas

It is Day 1 in the Wasteland for Zed. The first day in a nightmarish existence he could never have imagined. In every direction he faces hostile and feral survivors. Savage gangs rule the ruined cities and shantytowns, and their brutal leaders rule like feudal lords.

What if you woke up one day and everything you ever knew had gone? The people you encounter want to take everything you have. Including your life. The cities you used to visit are reduced to uninhabitable ruins. There is no law and order, and no government or organised society. Even worse, you have no recollection of how it got this way. Nor do you know who you are. Your friends and family are nowhere to be found. Are you a hero or a villain? Perhaps a nobody? All you have is a handful of photos of a wife and a daughter you don't remember, and a will to live. That is the world before him. What would you do?

Zed has almost nothing left in the world, yet everyone wants what little remains. He must fight for survival, but also try and find answers. To seek an explanation for the catastrophic world he inhabits. Is his family still alive? Is there anyone left who doesn't want to kill him to take what is his?

15 Years Later: Wasteland is the first novel in a brand new action packed sci-fi action adventure from the bestselling author of the 'Battle Earth.' and 'Battle Beyond Earth' series.
