## **How to do your Case Study: A Guide for Students and Researchers** Gary Thomas

This accessible text introduces students and researchers to the basics of case study research, using a wide range of real-life examples. It deals with the core issues and methods that anyone new to case study will need to understand: What is a case study? When and why should case study methods be used? How are case studies designed? What methods can be used? How do we analyze our data and write up our case?
