The Bible and the Common Reader

Mary Ellen Chase

The Bible and the Common Reader Mary Ellen Chase

As the title suggests, this is not a book for the theologian or scholar, but for the common, or lay reader. Its first chapters deal with an explanation of what the Bible actually is, with the story of the evolution of the King James translation, with a brief, yet vivid history of the Hebrew people and with the description of those traits and characteristics which marked their literature. From this point the Bible's various types of literature are presented in relation to their times and to the incidents which produced them. The great personalities of the Bible are revealed and made more clear to the lay reader. An extraordinary revelation of imperishable beauty for ordinary people.
