**The John Fante Reader** John Fante, Stephen Cooper

It's not every day that a writer, almost unheard of in his lifetime, emerges twenty years after his death as a voice of his generation. But then again, there aren't many writers with such irrepressible genius as John Fante.

*The John Fante Reader* is the important next step in the reintroduction of this influential author to modern audiences. Combining excerpts from his novels and stories, as well as his never-before-published letters, this collection is the perfect primer on the work of a writer -- underappreciated in his time -- who is finally taking his place in the pantheon of twentieth-century American writers.
