Looking for a simple guide to technical analysis of the financial markets? **Technical Analysis - A Newbies' Guide** is what you need if you want to learn the principles of technical analysis plain and simple.

This is not technical analysis for dummies, as the author assumes that the reader is intelligent, ready to learn, and simply uninformed. You will find technical analysis explained in the clearest of terms, as Northcott is an experienced trading educator and financial author with fourteen books in print currently.

The book covers technical analysis of stock trends and other financial markets, including:

- The Dow Theory - the basis of modern technical analysis
- Trends - how to recognize them
- Support and resistance, and their uses
- Chart patterns - what they mean
- Moving averages, and how they can tell you to trade
- Technical indicators and oscillators
- Candlestick charting
- Ichimoku Cloud Charting
- Elliott Wave Theory
- Fibonacci Numbers
- Money management and position sizing
- Developing a trading plan
