Risk Management Essentials

The National Alliance for Insurance Education and Research

Risk Management Essentials The National Alliance for Insurance Education and Research

Learn the basic risk management principles, terms and concepts for the risk management process: identification, analysis, control, finance, and administration. Focus on the key areas of financial statements, loss data, claims management, information technology, and enterprise risk management. This second edition contains an additional chapter on statistics for risk managers, enriched examples throughout, and an expanded glossary. Also included is a data CD containing Q&A study guide documents (MS Word format) for each chapter.
