**Never again forget your keys, where you parked your car, your PIN number, or the name of the person you just met five minutes ago!**

Better than a daily dose of Sudoku, *Where Did Noah Park the Ark?* is filled with eclectic, remarkably effective techniques that will help you remember everything you need to—and avoid those awkward “senior” moments we all get from time to time. For instance:

- **Remember names and faces** using ancient Jewish practices, the Napoleon method, and the JFK technique.
- **Recall dates, events, and long digit numbers** with the remarkable system of *gematria*.
- **Recollect tasks, lists, jokes** and who begat who with Rabbi Leon of Modena’s amazing cue system developed through forty years of wandering the desert with not a Post-it note in sight!
- **Memorize vast quantities of information, articles, and books for exams** with a little help from Hasidic yeshiva students and their unique learning style.
- **Stand in front of an audience and deliver powerful presentations** using the Roman room system and Cicero’s *De Oratore* teachings.
- **Upgrade your memory’s overall performance** with the Super Student Success Rules and other effective techniques.
