## Architects of Ruin: How big government liberals wrecked the global economy---and how they will do it again if no one stops them Peter Schweizer

In *Architects of Ruin*, *New York Times* bestselling author and conservative historian Peter Schweizer argues that the economic crisis was caused by liberals who used the power of government to create a subprime mortgage bubble that has ravaged the global economy. Rebutting charges that the financial collapse was caused by conservative deregulatory zeal, Schweizer, the author of *Do as I Say (Not as I Do): Profiles in Liberal Hypocrisy*, shows that it was actually the result of “do-good capitalism.”<?xml:namespace prefix = o ns = "urn:schemas-microsoft-com:office:office" />
