Evil: An Investigation

Lance Morrow

Evil: An Investigation Lance Morrow

At the beginning of the twenty-first century, evil remains as potent and radical a force in the world as it has ever been. We all know evil when we encounter it—in the villains of history like Hitler and Stalin, in the routine brutality that makes the nightly news, in the hateful violence of terrorists and sociopaths—but the phenomenon of evil has long resisted explanation. In this singular survey of this mysterious but all too often palpable force, veteran Time magazine essayist Lance Morrow offers a sustained look at the unmistakable ways evil manifests itself in history and in the human heart. This is a provocative meditation on the role evil plays in shaping human history, a timely analysis of how this primitive force can be understood in a modern society of high-tech, sensationalized brutality, and a daring exploration of why evil may be necessary in the world.
