Beccaria: 'On Crimes and Punishments' and Other Writings (Cambridge Texts in the History of Political Thought) Cesare Beccaria

In this edition of Beccaria's *On Crimes and Punishments* and other writings, Richard Bellamy draws on recent Italian scholarship to show how Beccaria wove together the various political languages of the Enlightenment into a political philosophy that combines republican, contractarian, romantic and liberal as well as utilitarian themes. This edition also includes a number of pieces from Beccaria's writings on political economy and the history of civilization that were not previously available in English.
