The adventure continues and the cogs keep on turning as you set sail aboard magnificent airships, venture into exotic times and places, revisit some of your favorite characters, and fall in love with new heroes and rogues.

In dusty towns, remote areas, thriving cities, and secret worlds, a strange technological revolution reigns. Inventors, dreamers, and revolutionist rule in worlds of steam driven machines, cog powered humanoids, clockwork miracles, and paranormal magic. Dressed in corsets, top hats, and cog lined finery, the heroes and heroines exist somewhere between futuristic technology and ancient knowledge.

Twenty-one talented authors, artists and poets have come together to bring you volume 2 of this Steampunk Anthology series. The product of this collaboration is an incredible journey through a blend of sci-fi, fantasy, action, adventure, history, paranormal, and romance that embraces the roots of Steampunk while pushing the genre to new, bolder limits.
