McKennon Kelly. McKennon Kelly. McKennon Kelly.

Cowboy McKennon Kelly was the last thing Devon Brooke wanted to focus on after finding herself suddenly single. Looking for a fresh start to life, city girl and journalist Devon just wanted to go back to her country roots and focus on building a relationship with her newly acquired equine partner Faith.

Devon finds companionship in handsome bull riding ranch hand JD and delicate Green Briar horse farm owner Sophia, both who advise Devon to keep her distance from McKennon and "mind her p's and q's" around the quiet and eerily peaceful stables. Devon thinks it shouldn't be too difficult to avoid the Adonis cowboy, but after noticing his skills and expert ways with training horses, she figures it couldn't hurt to get to know him a little bit ... right?

Devon follows the guarded cowboy to a horse show, where she is unprepared to learn she may not be the cowgirl she thought she was. After a near-tragic incident, Devon begins to realize that the more time she spends with McKennon, the less she really knows about him (or horses, for that matter), and his mystery just keeps getting bigger. Who is he really, what is it that everyone doesn't want her to know, and why is this tight-shirted, spur-jingling, weather-eyed cowboy all she can think about now?
