A rich space of criticism and document, *Of Vietnam* moves contemporary figurings of Vietnam out of the nostalgic enclaves of the past and the stagnant places of a mythological present into the rich potential of our historical epoch. This provocative book is the first to bring together works by photographers, established and unpublished writers, poets, and artists from Vietnam and its diasporas, and critical pieces by scholars of anthropology, art history, history, and literary and cultural studies. Focusing on issues of identity, displacement, language, sexuality, and class, their contributions challenge and encourage readers to experience the multiplicity of experiences that make up the fabric of identity.
