Soft Power Superpowers Yasushi Watanabe, David L McConnell

The term "soft power" describes a country's ability to get what it wants by attracting rather than coercing others - by engaging hearts and minds through cultural and political values and foreign policies that other countries see as legitimate and conducive to their own interests. This book analyzes the soft power assets of the United States and Japan, and how they contributed to one of the most successful, if unlikely, bilateral relationships of the twentieth century. Sponsored by the U.S. Social Science Research Council and the Japan Foundation's Center for Global Partnership, the book brings together anthropologists, political scientists, historians, economists, diplomats, and others to explore the multiple axes of soft power that operate in the U.S.-Japanese relationship, and between the United States and Japan and other regions of the world. The contributors move beyond an "either-or" concept of hard versus soft power to a more dynamic interpretation, and demonstrate the important role of non-state actors in wielding soft power. They show how public diplomacy on both sides of the Pacific - bolstered by less formal influences such as popular cultural icons, product brands, martial arts, baseball, and educational exchanges - has led to a vibrant U.S.-Japanese relationship since World War II despite formidable challenges. Emphasizing the essentially interactive nature of persuasion, the book highlights an approach to soft power that has many implications for the world today.

From reader reviews:

John Guenther:

Book is to be different for each and every grade. Book for children until finally adult are different content. As it is known to us that book is very important for all of us. The book Soft Power Superpowers seemed to be making you to know about other know-how and of course you can take more information. It is rather advantages for you. The book Soft Power Superpowers is not only giving you considerably more new information but also being your friend when you feel bored. You can spend your own spend time to read your e-book. Try to make relationship using the book Soft Power Superpowers. You never experience lose out for everything when you read some books.

John Edwards:

The e-book with title Soft Power Superpowers includes a lot of information that you can find out it. You can get a lot of help after read this book. This book exist new know-how the information that exist in this book represented the condition of the world today. That is important to yo7u to know how the improvement of the world. This particular book will bring you with new era of the globalization. You can read the e-book in your smart phone, so you can read this anywhere you want.

Kathy Lloyd:

Do you have something that you prefer such as book? The publication lovers usually prefer to opt for book like comic, quick story and the biggest you are novel. Now, why not attempting Soft Power Superpowers that give your fun preference will be satisfied by means of reading this book. Reading practice all over the world can be said as the method for people to know world far better then how they react to the world. It can't be said constantly that reading behavior only for the geeky individual but for all of you who wants to possibly be success person. So , for all of you who want to start examining as your good habit, you can pick Soft Power Superpowers become your personal starter.

Earnest Koontz:

As a student exactly feel bored to be able to reading. If their teacher requested them to go to the library or even make summary for some publication, they are complained. Just minor students that has reading's soul or real their pastime. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading seriously. Any students feel that examining is not important, boring along with can't see colorful images on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this Soft Power Superpowers can make you feel more interested to read.
