You were born on a spaceship traveling between galaxies. An experienced intergalactic adventurer, you are now on a mission to a distant planet. Suddenly on your screen you see an alien spacecraft-like nothing you've ever seen before. Will the aliens be hostile or friendly? There isn't much time. Should you fight and hope to drive them off, or just go quietly with them? If you decide to go willingly, turn to page 20... If you decide to fight, turn to page 22... What happens next in the story? It all depends on the choices you make. How does the story end? Only you can decide. And the best part is you can keep reading and rereading and yet every time is a different experience, a different story. Awesome!!!
