## **Slavery in Brazil** Herbert S. Klein, Francisco Vidal Luna

Brazil was the American society that received the largest contingent of African slaves in the Americas and was the longest lasting slave regime in the Western Hemisphere. 'Slavery in Brazil' is the first complete modern survey of the institution of slavery in Brazil and how it affected the lives of enslaved Africans. It is based on major new research on the institution of slavery and the role of Africans and their descendants in Brazil. Although Brazilians have incorporated many of the North American debates about slavery, they have also developed a new set of questions about slave holding: the nature of marriage, family, religion, and culture among the slaves and free colored; the process of manumission; and the rise of the free colored class during slavery. 'Slavery in Brazil' will introduce the reader to this latest research, both to elucidate the Brazilian experience and to provide a basis for comparisons with all other American slave systems.
