Terminal Connection Dan Needles

What if a terrorist were a computer virus, its weapon a defect, and its target the U.S. military?

Welcome to the present, where the lines are blurred between terrorists and governments, virtual worlds and reality. In a war of information, everyone is on the frontline.

Steve Donovan, founder of NEXUS Corp, has developed a virtual technology that could help his daughter walk again. Riddled with guilt over the accident that crippled Brooke, Donovan buries himself in developing the Nexus. But when a young girl dies using the Nexus, CEO Austin Wheeler decides lawsuits are cheaper than a recall.

On Tianya Haijiao, China's southernmost beaches of Hainan Island, a killer waits for all who pass into virtual reality.

Exploiting a defect that triggers fatal seizures, a hacker introduces a deadly virus—a virtual serial killer. Torn between his conscious and his invention, and distracted by a sexy federal investigator and a bottle of scotch, Donovan chases the killer through uncharted virtual worlds, where nothing is as it seems. He discovers a conspiracy that threatens U.S. security and Brooke's life. As two superpowers face off in global confrontation, Donovan realizes that in order to stop the killer, he must break the **TERMINAL CONNECTION**.
