## **Essentials of Sea Survival** Frank Golden, Michael Tipton

Essentials of Sea Survival is a compelling, informative, and comprehensive guide to open-water survival. Drawing from classic maritime disasters and personal accounts of near-miraculous survival, as well as carefully controlled laboratory experiments, it offers practical advice for avoiding as well as surviving a cold-water accident. It's an important reference for anyone associated with open-air aquatic activities, such as members of the Coast Guard, Navy, and Marines; offshore oil rig employees; fishermen; divers; amateur and professional sailors; water safety instructors and life guards; water rescue personnel; boaters; water skiers; outdoor survival course instructors; and other recreational water sports enthusiasts.

### From reader reviews:

#### **Johnnie Lewis:**

What do you with regards to book? It is not important together with you? Or just adding material when you require something to explain what the one you have problem? How about your extra time? Or are you busy particular person? If you don't have spare time to try and do others business, it is gives you the sense of being bored faster. And you have free time? What did you do? Every individual has many questions above. They have to answer that question because just their can do that. It said that about e-book. Book is familiar on every person. Yes, it is proper. Because start from on kindergarten until university need that Essentials of Sea Survival to read.

#### **Johanna Bassett:**

As people who live in the actual modest era should be update about what going on or details even knowledge to make these keep up with the era and that is always change and progress. Some of you maybe will update themselves by looking at books. It is a good choice for you personally but the problems coming to you is you don't know what kind you should start with. This Essentials of Sea Survival is our recommendation so you keep up with the world. Why, because this book serves what you want and wish in this era.

#### **Joshua Atkins:**

Information is provisions for those to get better life, information nowadays can get by anyone in everywhere. The information can be a understanding or any news even restricted. What people must be consider when those information which is inside former life are difficult to be find than now could be taking seriously which one would work to believe or which one often the resource are convinced. If you find the unstable resource then you get it as your main information you will have huge disadvantage for you. All of those possibilities will not happen inside you if you take Essentials of Sea Survival as your daily resource information.

#### **Michael Slay:**

What is your hobby? Have you heard that will question when you got pupils? We believe that that concern was given by teacher with their students. Many kinds of hobby, Every person has different hobby. And also you know that little person just like reading or as studying become their hobby. You should know that reading is very important in addition to book as to be the point. Book is important thing to add you knowledge, except your own personal teacher or lecturer. You get good news or update about something by book. A substantial number of sorts of books that can you take to be your object. One of them is actually Essentials of Sea Survival.
