The easy track might simply be to get a better job but often that can be a difficult route that won't necessarily fix the problem. If you think of your household income how does it make you feel? If you're feeling sad about that number then the tips in this book are ideal for you. Here we will give you some ideas and tips to make that number go further and give you a little more financial freedom without having to get another job.

When we hear the word "frugal" we often think of hard times had by great grandparents and people many years ago. Often this conjures images of tatty houses and dirty people, but by no means does it mean skipping the bath and living in the shed these days.
