The Courage to Become: The Virtues of Humanism Paul Kurtz

Does life have meaning if one rejects belief in God? This book responds affirmatively to that question. Paul Kurtz, America's leading secular humanist, provides a powerful defense of the humanist alternative, rejecting both religious spirituality and nihilism. In this inspirational book, Kurtz outlines the basic virtues of the secular humanist outlook. These virtues include *courage*, not simply to be or to survive, but to overcome and *become*; that is, to fulfill our highest aspirations and ideals in the face of obstacles. The two other virtues Kurtz identifies are *cognition* (reason and science in establishing truth) and *moral caring* (compassion and benevolence in our relationships with others.) Kurtz offers an optimistic appraisal of the human prospect and outlines a philosophy both for the individual and the global community.
