Hearing God's Words: Exploring Biblical Spirituality (New Studies in Biblical Theology) Peter Adam

Many discussions of Christian spirituality draw on a range of traditions and "disciplines." Little attention, however, appears to have been given to the Bible itself for its teaching on this theme or as a source of spirituality. Similarly, it is commonly assumed that, when it comes to spirituality, the evangelical tradition has little to offer. In response, Peter Adam urges us to renew our confidence in a biblical model of spirituality and to test our spirituality by the Bible. Drawing on a selection of Old and New Testament texts, along with significant insights from the Christian tradition (including John Calvin and the Puritans), this New Studies in Biblical Theology volume expounds the shape and structure of a gospel-centered "spirituality of the Word" through which we know God himself and receive the life he gives. Addressing key issues in biblical theology, the works comprising New Studies in Biblical Theology are creative attempts to help Christians better understand their Bibles. The NSBT series is edited by D. A. Carson, aiming to simultaneously instruct and to edify, to interact with current scholarship and to point the way ahead.
