LifeSpirals assimilates revolutionary discoveries in brain research, learning techniques, and the new field of "wisdom psychology." More than just a self help book, *LifeSpirals* guides readers through the seven major stages of adult learning that mark the achievements of history's greatest leaders. All the reader needs to maximize his/her own achievement is a greater awareness of how to make use of what he/she knows, which lies buried among your early memories. *LifeSpirals* shows the reader how to access these lost memories and reconstitute them into a new vision for his/her life that can make the boldest dreams so far seem like tame compromises.
