This package includes MyMathLab®.

Visualize. Interact. Succeed.

The **Graphs and Models** series by Bittinger, Beecher, Ellenbogen, and Penna is known for helping students “see the math” through its focus on visualization and technology. These texts continue to maintain the features that have helped students succeed for years: focus on functions, visual emphasis, side-by-side algebraic and graphical solutions, and real-data applications. With the **Sixth Edition**, visualization is taken to a new level with technology, and students find even more ongoing review.

Personalize learning with MyMathLab

MyMathLab® is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them absorb course material and understand difficult concepts.

New **Guided Visualizations** in MyMathLab help students allow for hands-on manipulation to gain understanding of difficult concepts. References to **28 Just-In-Time review topics** are placed throughout the text and MyMathLab to help students right when they need it most, and new **Cumulative Review Assignments** and **Skill Maintenance Quizzes** are pre-made and assignable in MyMathLab to help students

connect concepts and maintain skills throughout the course. Plus, new **Video Assessment Exercises** and a new **Video Notebook** further enhance the MyMathLab course and resources available.
